

Auditory-Verbal & Speech Therapy

Child's Voice now offers
Auditory-Verbal Therapy provided by
Listening and Spoken Language Specialists
(LSLS Cert. AVT/AVEd) and
Speech-Language Pathologists.

- **Aural rehabilitation** with a cochlear implant(s).
- Higher level **language and auditory skills**.
- **Parents/caregivers are supported** in their role as their child's most important teacher.
- Speech-language **testing** is also available.
- Services available from **birth through 18 years** and may be covered by health insurance.

**At Child's Voice, a child with hearing loss
learns to listen, speak and learn.**

180 Hansen Ct., Wood Dale
